

Trusted Experts of Quality Electrics

**Complete & Dependable Line of
Electronic Ignitors | Oil & Gas Transformers | UVC Air Purifiers**

About Allanson

Allanson Environmental Electrics Group is a leading provider of innovative solutions to the heating and air conditioning industry for residential, industrial and commercial applications. As such, it combines best-in-class technology with proven engineering, design, and distribution services.

For over 95 years Allanson’s Environmental Electrics have provided reliable quality products. Our product line ranges from transformers and electronic ignitors, to testing equipment and air purification systems. It also features the only true universal ignitor in the industry - the OMNI®. We are committed to bringing comfort to indoor environments.

Allanson AirGuard C600 / AirGuard C600-M

purifies up to **99.99%** of indoor air

Commercial grade UVC Air Purification Ceiling Fixture with multi-stage filtration and UVC sterilization chamber.

Allanson AirGuard C600 and AirGuard C600-M use a cross-flow fan to circulate indoor air multiple times every hour. Each unit includes 2 filters (pre-filter and H12 graded or medical grade H13 HEPA filters respectively). It draws in untreated air, passes it through both filters, then through a high UVC radiation chamber to sterilize the air before releasing the purified air.

Disinfects germs, viruses & bacteria

Provides clean fresh air for public indoor spaces

Safe to use and highly effective

Features

- High CFM cross-flow fan allows efficient air movement with quiet operation
- 2 level fan speed control suitable for every environment
- Air flow and UVC sensors for accurate replacement notification
- Easy lamp and filter replacement
- Multiple safety switches for safe operation
- Covers up to 4,800 cubic feet area with 2 air changes/hour
- Infrared remote control • cULus listed

Applications

Designed for installation on false ceilings for commercial and industrial applications, including:

- Offices
- Schools
- Retail Spaces
- Food Outlets
- Hospitality
- Banking
- Public Washrooms
- Nursing Homes
- Hospitals

WARRANTY

Allanson agrees to correct any defects in material or workmanship which may develop in any oil burner or gas ignition transformer, and UVC Air Purification Ceiling Fixture sold, when used under proper or normal conditions, during a period of 36 months and 12 months respectively, from the date of manufacture. Allanson offers a 36 month warranty for the UVC Air Purification Ceiling Fixture if the product is registered online within 90 days of the purchase date. Such correction may be by repair, replacement, or material credit at the company's discretion.

This warranty does not include shipping costs to and from the factory. This correction shall fulfill completely any and all obligations by Allanson intended or implied by this warranty. Allanson shall not be responsible for consequential damage or for labour involved in making a replacement.
