

INDOOR NEON POWER SUPPLY

FOR SKELETON TUBING P.O.P APPLICATIONS

POW-R-PAK Indoor Neon Power Supplies are engineered to adapt seamlessly to indoor neon sign demands, delivering consistent, safe, and reliable performance.

Proven SGFI technology
providing problem
free sign operation

**24" leads and sleeveless
GT015** eliminating
additional sleeving

Simplified service with
Intelligent diagnostic
ground fault and open
circuit protection

**Smaller size
(3" W x 6" L x 1.5" H)**
allowing for more indoor
sign installation options

P/N(S): SS1231CH, SS9351CH, SS6351CH
