PLASTI-PAKTM INDOOR

Allanson's Plasti-Pak Indoor Neon Transformers for Skeleton Tubing P.O.P Applications.

- Proven SGFI technology – provides problem free sign operation
- Intelligent diagnostic ground fault and open circuit protection - simplifies service
- Smaller 3" w x 6" l x 1.5" h size – allows for more indoor sign installation options
- 24" leads and sleeveless GT015 – eliminates additional sleeving
